PROFESSIONAL EXPERIENCE

Cisco **Remote**
Engineering Product Manager *August 2024 - Present*

- Owned a \$4.5M GTM initiative that generated \$42M in revenue by scaling competitive migration and enterprise adoption programs for firewall products
- Increased recurring software revenue by 25% by redesigning enterprise firewall licensing models alongside security architects and enterprise stakeholders.
- Identified expansion and migration opportunities by analyzing customer lifecycle and cross-product adoption data in Excel/Tableau/PowerBI, informing GTM strategy for enterprise firewall products.
- Launched a \$550K firewall modernization initiative that generated \$49M+ in pipeline through legacy hardware replacement and on-site upgrade programs.

August **Manhattan, NY**
Product Consultant *November 2025 - March 2025*

- Drove product quality and telemetry initiatives at a Seed-to-Series A AI startup, informing feature prioritization and UX improvements across core workflows.
- Validated new product workflows before release by testing onboarding and core user journeys, surfacing usability gaps and feature regressions.
- Contributed to the launch of August's Tabular Review product, refining AI-driven document review workflows and incorporating user feedback into feature iteration and usability improvements

BobaTalks **Remote**
Founding Program Manager *June 2022 - Present*

- Built a non-profit community of 13,000 students around professional mentorship, development, and networking
- Grew the company website and community server to upwards of 24,000 visitors and 800 daily active users

DataEarn **Manhattan, NY**
Product Management Intern *May 2022 - September 2022*

- Shipped a new feature allowing users to easily access their digital footprint by launching a core web page to facilitate Data Subject Access Requests, resulting in 63% more (2,750+) monthly active users
- Conducted user research and identified UX pain points that informed a redesign of core website experiences, leading a team of 3 engineers to implement improvements.

Bridges for Enterprise (BfE) **Manhattan, NY**
Product Management Intern *April 2022 - May 2023*

- Collaborated with UI/UX Design team and software developers to develop a website to help early-stage social enterprises scale their ventures and expand their impact
- Facilitated communication and team workflow between teams to develop project guidelines and timelines

Woken Career Coaching **Manhattan, NY**
Product Marketing Intern *December 2021 - May 2022*

- Grew 38% new product users in a month by identifying go-to-market strategies and compiling consumer insights to rebrand promotion strategies based on current trends in the career counseling industry
- Boosted website traffic by 23% by planning and launching a new social media marketing campaign
